Fluent (C1)

German
Advanced (B2)

Italian
Basic (A2)

Full stack developer with strengths in frontend engineering and growing backend and DevOps expertise. Skilled in **React, Next.js, TypeScript, Python, FastAPI, Docker**, and **GitHub Actions**, with practical experience across APIs, automation workflows, and platform integration. Self-taught, delivery-focused, and effective in distributed teams. Currently expanding cloud skills with **Azure** and building toward scalable, production-ready systems.

Experience

Santana Consulting GmbH
Full Stack Developer
October 2024 – Present
Aschaffenburg, Germany
🔗 https://www.santanadigital.de/

- Developed membership funnels and platform integrations for fitness clients such as UFC Gym and Redfit
- Delivered API integrations, internal tools, and UI system enhancements
- Supported low-code product delivery

Freelance
Independent Technology Consultant
October 2023 - Present
Hanau, Germany

- Built and maintained personal full stack projects using **Next.js**, **Python**, and **FastAPI**
- Gained hands-on experience with **Docker**, **GitHub Actions**, and cloud-oriented workflows
- Focused on transitioning into backend development and DevOps foundations

ARTUS interactive GmbH
Art Director
July 2022 - September 2023
Frankfurt am Main, Germany
🔗 https://www.artus.com/de/

- Designed UI components and campaign visuals for Braun and Gillette eCommerce platforms.
- Led digital creative execution with a focus on motion design and consistent brand delivery.

Fitvia GmbH
Art Director
January 2022 – June 2022
Wiesbaden, Germany

- Led a small creative team delivering branding, packaging, and digital content for ecommerce campaigns

Cocomore AG
Content Manager → Art Director (Motion & Web)
January 2019 – December 2021
Frankfurt am Main, Germany
🔗 https://www.cocomore.de/

- Managed enterprise content operations in **Sitecore CMS** for global brands (Pampers, Nestlé, Oral-B)
- Led production of **web-ready UI assets**, campaign materials, and multilingual content delivery
- Promoted to Art Director role with focus on **digital workflows**, motion design, and **automation tooling**
- Supported coordination between development, design, and content teams in agile delivery setups

Pantomima Studio
Founder / Web Developer & Consultant
2011 – 2018
Caracas, Venezuela

- Delivered client-facing websites using **WordPress**, **HTML**, **CSS**, and **JavaScript**
- Implemented **custom themes**, content structures, and ecommerce setups with **WooCommerce**
- Managed full development lifecycle — from UI prototyping to technical deployment and hosting
- Advised small business clients on **digital strategy**, platform maintenance, and SEO foundations
